MESSAGE FROM THE TOURNAMENT DIRECTOR

Dear friends and supporters of Asia Girls Paintball International Championship,

I am immensely proud to say that this is the 3rd year that we are organizing the all girls paintball competition – Asia Girls Paintball International Championship also known affectionately as AGPIC. This is held in Singapore and organized by the same team behind Singapore Paintball Series. The idea of an all girls event was mooted in 2016 and first came to fruition in 2017. We are incredibly excited every year during AGPIC to be able to gather all the girls who play paintball in Singapore. The fact that most teams in Asia are all men and few have one or two girls makes the gathering even more significant for the region. Getting more girls and women into the sport has been a challenge for many countries especially Asia. Conventional ways of family functions and traditions often present reality challenges for many women to be more involved in sports on a competitive level. While western countries are generally ahead in getting women into the sports, the imbalance is still significant for the percentage of women in a sport like paintball. Organizing the AGPIC on our tiny red dot state-country is our way of calling out to all girls and women alike in the region to step forward and make this day your day to go body and soul in to competing and excelling in the sport we love most - paintball.

This year, we are bringing to you AGPIC in conjunction with 4 new Divisions – 1vs1, 7-men Division, Under-23 Division and Masters Series. The individuals, young, seniors and ladies will get a shot within a division where they can claim territory in. It will be interesting for the youths compete within their age bracket and see where they stand. This is the same objective for the women's and seniors' categories. The 7-men Division brings back the good old days where 10-men and 7-men were the rage. We want to invite everyone to be a part of this amazing weekend which promises good paintball fun and fair competition for all teams. Read on further to find out the details of the event. In the months leading up to the event, we will also be constantly updating you with the event information on our website and Facebook Pages.

OVERSEAS PAINTBALL MARKERS

All transfer arrangements will be made by the SPS. All applications are subjected to approval from the SPS and the Singapore Police Force. Please visit www.singaporepaintballseries.com on details for importation and exportation. You will be expected to provide your confirmed travel itinerary in full and with complete accuracy. The following information is required:

- Name of user
- Passport number
- Nationality
- Mode of travel - Car, Flight, Ferry
- Location of entry - Singapore Changi Airport, Woodlands Checkpoint, Tuas Checkpoint, HarbourFront Ferry
- Date of arrival and departure (This information will be stated on your import/export permit and has to be accurate based on your travel plans due to verification by the local authorities.)
- Marker brand
- Marker model
- Marker serial number

All markers used during the event must be formally approved by the SPS and Singapore Police Force. Local paintball field operators who are affiliated with the SPS will be required to submit their list of paintball markers to the SPS prior to the event for registration. All applications for transfers must have validation and approval from the SPF through the operators' applications to SPF before the event and approval documents shall be provided upon request.

SPS will not entertain any participant with paintball markers which are not registered and approved in advance with the SPS.

If unsure, please do not bring your paintball markers to Singapore without prior approval as they will be confiscated by the Customs during your entry into Singapore. It is a lawful offence in Singapore to be in possession of a paintball marker without a valid permit.

**OVERSEAS PAINTBALL MARKER IMPORTATION FORM
MUST BE SUBMITTED 4 WEEKS BEFORE EVENT DATE.
WWW.SINGAPOREPAINTBALLSERIES.COM/MARKERIMPORT**

Overseas teams and players who are committed to participating in the SPS will need to contact the organizers and submit the complete travel itinerary and marker details strictly at least 3-4 weeks before event date for the clearance of their paintball markers. Prior approval must be sought from the Singapore Police Force for teams to bring their personal paintball equipment across the immigration and custom checkpoint. Teams without prior approval from the SPF will be lawfully dealt with under the Singapore Firearms Act. All overseas teams will need to fill up the SPS Marker Import/Export Form. Information submitted will be sent to Singapore Police Force. All applications are subjected to approval from the Singapore Police Force. **There will be no additional cost to the importation and exportation of markers into Singapore as this will be sponsored by the SPS for travelling overseas teams and players.** Teams and players are advised to import the same number

of paintball markers as per their registered team roster with a suggested 2 additional backup markers. E.g. If overseas team registers 10 players in its team roster, they will be eligible to import a total of 12 (10 players + 2 backup) paintball markers for the SPS. We strongly do not recommend for overseas teams to assist Singapore-based players to import/export their markers for the event to allow the SPS to uphold a fair system for Singapore-based participants. Assisting local teams with importation can lead to administrative complications that might arise from accountability issues at the Immigration and Customs Department and the Singapore Police Force.

Please submit to your marker details to info@singaporepaintballseries.com at least 4 weeks before the event. We will not be able to entertain any late request due to application and minimum period required approval duration by the Singapore Police Force.
